COLLECTION 2026

Welcome to our story

COLLECTION 2026

EUROWEAR, a clothing brand founded in 2010 in Central Europe, was created with the vision of providing high-quality promotional wear with added attention to quality and detail. With over 30 years of prior experience in sales and distribution of promotional wear, the founders brought a wealth of expertise to the brand, ensuring a deep understanding of customer needs and market trends. From our friendly customer service team to our manufacturing partners, every effort is made to ensure you receive a promotional product that meets high-quality standards .

Our brand is recognized in the market for its quality, comfort, and fashionable designs. Our clothing is versatile, suitable for various occasions, whether as business attire, casual wear, or sportswear.

We hope you enjoy this catalog as much as we enjoyed creating it.

**STANDARD
100**

A product marked with this icon is certified according to the OEKO-TEX® Standard 100, ensuring it is free from harmful chemicals and safe for skin contact. The certification guarantees that all components of the product meet strict international safety standards. This makes it an ideal choice for those who value high-quality, tested, and skin-friendly textiles.

A product marked with this icon contains recycled nylon sourced from waste materials and production leftovers. Using recycled fibers helps reduce environmental impact and conserve natural resources. Despite its sustainable origin, the material retains its high durability, elasticity, and functionality.

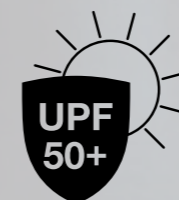

A product marked with this icon contains recycled polyester sourced from waste materials such as PET bottles. Using recycled fibers helps reduce waste and conserve natural resources. Despite its sustainable origin, the material retains its durability, elasticity, and functionality.

A product marked with this icon is made from 100% organically grown cotton, without the use of harmful pesticides or synthetic fertilizers. Organic cotton production reduces environmental impact and supports sustainable and ethical manufacturing. The material is soft, breathable, and skin-friendly, making it suitable even for sensitive skin.

A product marked with this icon is available without an inner printed neck label, making it ideal for customization. This ensures greater comfort when worn and allows for easy addition of custom labels or prints. This option is especially suitable for brands looking to create a unique identity for their products.

A product marked with this icon provides high UV protection with a UPF 50+ rating, blocking more than 98% of harmful sun rays. This protection helps prevent skin damage caused by prolonged sun exposure. It is perfect for outdoor activities, sports, and summer adventures.
